Mr. Ralph D. Grotelueschen
Manager, Environmental Control
Deere Company
John Deere Road
Moline, Illinois 61265

Dear Mr. Grotelueschen:

In response to your letter of June 24, 1982, we are pleased to inform you that your request for the John Deere Foundry in East Moline, Illinois to be deleted from the list of Hazardous Waste Sites pursuant to Section 103(c) of the Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA) has been granted.

The Approval of said deletion is based upon the information contained in the document entitled "Analysis of Live Oil Ponds for John Deere Foundry East Moline, Illinois, April 1981", and authored by Beling Consultants Incorporated.

If we can be of any further assistance please feel free to contact us.

Sincerely yours,

Basil G. Constantelos
Director
Waste Management Division
